DETAILED ACTION

Summary

On April 20, 2006, an Office Action was sent to the Applicant rejecting claims 1-8.

On July 19, 2006, the Applicant responded by amending claim 1.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Mosler (6,304,858) in view of King (6,148,293).

Mosler discloses the invention substantially as claimed, as set forth in the previous Office Action; however, Mosler does not disclose a bond having a different maturity from the swap. King teaches a method for creating financial instruments comprising a bond having a different maturity from the swap (col.5, line 63 to col.6, line 15). It would have been obvious to one having ordinary skill in the art at the time the invention was made to incorporate a bond having a different maturity from the swap, as taught by King into the invention disclosed by Mosler, in order to decrease risk exposure.

Response to Arguments

Applicant's arguments with respect to claims 1-8 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
